AMENDED ECONOMIC IMPACT AND SYNOPSIS FOR  
AMENDMENT TO CHAPTER 360-2  
LICENSING REQUIREMENTS

ECONOMIC IMPACT:

The attached rule is promulgated under the authority of the Medical Practice Act, Title 43, Chapter 34. The Composite State Board of Medical Examiners licenses and regulates six professions, including physicians. The formulation and adoption of this rule does not impose excessive regulatory cost on any licensee. Additionally, it is not legal or feasible to meet the objectives of the Medical Practice Act to adopt or implement differing actions for businesses as listed at O.C.G.A. § 50-13-4(a)(3)(A), (B), (C) and (D).

RULE SYNOPSIS:

The amendments to rule 360-2-.02, entitled "Licensure," renumbers a portion of what was previously paragraph (1), as subparagraph (1) (a) and adds paragraph 1(b) to provide that reference forms submitted in support of an application are valid for six months from the date of signature. The rule is further amended in subparagraph (2) (c) 1 by deleting the reference to the Accreditation Council for Graduate Medical Education (ACGME). Subparagraph (2)(e) is amended to correct the numbering of subparagraphs from (2)(e)(1) and (2)(e)(2) to (2)(e)1 and (2)(e)2. A new paragraph (4) is added to provide that no action will take place on applications that have been incomplete for more than a year until a new application is submitted and former paragraphs (4) and (5) are renumbered as paragraphs (5) and (6).

The purpose of the proposed amendments is to ensure that the Board has current and accurate applicant information and to correctly identify the accrediting body of medical schools as the Liaison Committee on Medical Education.

The differences between the existing rule and the proposed amendment to the rule are shown below: (The lined-through text is proposed to be deleted and underlined text is proposed to be added.)
